

An enhanced solution to help employees pay for healthcare expenses

Today's employees are faced with rising out-of-pocket expenses. MetLife's Health Flexible Spending Account (FSA) can help by offering tax advantages, robust features and an integrated customer experience that can benefit both your workforce and your business.

30 million U.S. employees made use of an FSA in 2018.¹

Employees save up to 30% on average on eligible expenses with a pre-tax FSA.²

Our new FSA solution makes life easier for your employees and you

With a tax-advantaged FSA, your employees can pay less in taxes—which can help their money go further paying for qualified expenses including copayments and deductibles, prescription drugs, medical devices, and vision and dental care.³
